

Experiments In Living

- a bildwechsel project -

The fourth meeting of the Permanent Conference of Artistic Resources

**17th - 23rd September,
Glasgow**

Bildwechsel is an organisation for women+ and media, culture and art. Alongside its main archives in Hamburg bw-agents search out like-minded and unlikely artists, filmmakers, theorists, activists and interlopers worldwide.

From **17th – 23rd September** we are meeting in Glasgow to make things, see things, meet, discuss, perform, share info, visit and have fun.

There will be events and screenings with proper start times, the rest of the time you are welcome to just pop in. See the website for updates / join the mailing list www.bildwechselglasgow.wordpress.com

Our theme is **Experiments In Living** – artists and women’s and queer communities, groups, ways of organising and working and living. We want your input – come along and join in, meet the bw folk from Hamburg, Berlin, Warsaw, Basel, Chicago and Montreal, see some work, chat, plan, eat, hang out.

Bildwechsel is always searching for new connections, new ideas and of course **your work for the archives**.
